

## TECHNICAL DATASHEET

**STALOC HEAVY DUTY WIPES**

Abrasive cleaning wipes for heavy duty purposes

**PRODUCT DESCRIPTION**

A quick, convenient, highly effective cleaning wipe that removes oil, adhesives, paints and grease from your hands, tools and other surfaces.

- highly effective, easy-to-use, cleaning wipes
- abrasive cloth for quick heavy duty cleaning purposes
- used for cleaning hands, tools, fixtures and other surfaces
- used to remove, oil, adhesives, paint, lubricants and other residues / stains

**APPLICATION**

Recommended application – further information can be found in the material safety data sheet.

Pull STALOC heavy duty wipe from the centre of the container through the cap. When necessary, pull next wipe. Remove dirt, grease or other residues quickly in order to achieve the best performance of the wipe. If the wipe is used to clean sensitive surfaces, test in non-visible areas before use. Wipes can not be used for surfaces that are used for sealing or bonding. Use a solvent cleaner (e.g. STALOC assembly cleaner 500ml) for those purposes. Close box after removing a wipe. Store at room temperature.

Only use with your hands. After the use of the wipes, please rinse your hands with plenty of water before removing contact lenses.

**TECHNICAL PROPERTIES**
